PREFACE

This report is one in a series on Soviet Ground Force and logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

Bakhmach Petroleum Storage is located immediately south of Bakhmach (Figure 1). This possibly secured area covers approximately 135 acres and contains 14 medium POL tanks, 2 small POL tanks, a storage facility for small horizontal tanks or POL drums, 5 low or partially buried buildings for an undetermined type

of storage, 2 open storage areas, a general storage building, an administration building, a possible barracks, and 9 support buildings.

The area was covered by [REDACTED] missions between [REDACTED]

There were no significant changes at the installation during this period.

DESCRIPTION OF INSTALLATION

Railroad Service

This area is served by a siding from the Bakhmach-Romny rail line.

Road Service

A probable all-weather secondary road connects the partially buried buildings with Bakhmach.

Administrative and Troop Housing Area

Area D contains an administration building, a possible barracks, and 5 support buildings.

General Storage Areas

Areas E1 and E2 are open storage areas.

POL Storage Areas

Area G1 contains 14 medium POL tanks 50 feet in diameter, and 2 small POL tanks 25 feet in diameter.

Area G2 is a 300- by 165-foot storage facility for small horizontal tanks or POL drums.

Other Buildings and Facilities

Four support buildings, 5 low or partially buried buildings for unidentified storage, and a general storage building are located generally south and southeast of the vertical storage tank area.
